ACKNOWLEDGMENT

On behalf of all the members of group 4, I would like to thank you all for the hard works, support to make this eProject complete successfully. Especially Ms. Le Mong Thuy, our teacher, she helped us a lot from the day that we started to study at FPT Aptech. With this eProject, she has guided us with her enthusiasm and rigor. Because of her guidance, we would be able to finish this project. Besides, I want to thank all the team members of group 4, each of the team members has been working continuously in 4 weeks in order to complete this project. Last but not least, we would like to say thank you to our family for always supporting us, creating the best conditions for us to focus on the project, and putting faith in the dreams we pursue.

SYNOSIS

In this task, we are assigned to design and develop a business website which meets all the requirements from our client under the name RYAN Sports Club. The business is all about promoting sports and a healthy lifestyle for its customers. Client's goal for the website is to bring convenience to customers who can easily View our facilities and activities in detail.

PROBLEM DEFINITION

RYAN Sports Club, an effort has been made to provide world class facilities and infrastructure for the promotion of sports and health. During the past, RYAN sports club has emerged as one of the best facilities in the country in the area of sports and health and also it is making strides to acquire a formidable presence internationally. The club provides facilities like "Indoor Sports", "Outdoor Sports" and "Recreation". All this information is required to be presented in organized form for which a website is required to be created.

The website is to be developed for the Windows Platform using HTML5, JavaScript and Geolocation. The site should work well in all leading browsers including Chrome, IE, Firefox etc.

CUSTOMER'S REQUIREMENTS SPECIFICATIONS (CRS)

Client: RYAN Sports Club

Business/Project Objective:

In this task, we are assigned to design and develop a business website which meets all the requirements from our client under the name RYAN Sports Club. The business is all about promoting sports and a healthy lifestyle for its customers. Client's goal for the website is to bring convenience to customers who can easily View our facilities and activities in detail.

You are supposed to create a website for them with the below mentioned requirement specifications.

Input to the system:

- Membership log-in, sign-up page
- Contacting Page

Output from the system:

- A homepage with a description about the club + navigational links
- Display facilities(indoor, outdoor, recreational)
- Membership link (form has to be included, log-in, sign-up)
- List of activities arranged yearly.
- Section for customer to comment about the club(feedback)
- Picture gallery
- Information about each sport
- Top sports person CAN be added.
- Responsive Email section
- The location of the Club under the Contact Us page.

Progress:

- Home page completed(except for links)
- Planning layout for next pages

Expected delivery date: 10th-Jan-2021

List of deliverables:

- Document Word.
- Source code.

Hardware/ Software Requirements:

For developer

Hardware

Intel Pentium 4 processor or higher
1 Gigabytes of RAM or higher

Software

Windows 7 OS or higher
Adobe Dreamweaver
Web browsers such as IE, Chrome or Firefox are supporting HTML5, CSS3 and Javascript.

For web users

Hardware

Intel Pentium 4 processor or higher
512 Megabytes of RAM or higher

Software

Windows XP OS or higher
Web browsers such as IE, Chrome or Firefox are supporting HTML5, CSS3 and Javascript.

SCOPE OF THE WORK (IN BRIEF)

After a long and detailed discussion, our group has decided to create a website contain the following webpages:

1. **Homepage:** We divided the section into 3 parts:

- *Part 1 header: main links, "Visit us to know more"*
- *Part 2 body: activities, facilities, benefits section to provide info of the club to the customer*
- *Part 3 footer: small contact us part at the bottom, copyright*

2. **Activities:** Displays the activities from Indoor, Outdoor, to Recreational Sports.

- Fitness(indoor)
- volleyball(indoor)
- Swimming(indoor)
- Basketball(outdoor)
- Soccer(outdoor)
- Tennis(outdoor)
- Sauna(outdoor)
- Mediation(outdoor)

3. **Membership:** Displays a log-in and sign-up page.

4. **Feedback**

5. **Picture Gallery**

6. **Contact Us:** Displays phone number, email, location(GeoLocationAPI).

7. **About:** Display business contacts (address, phone, email, map).

Activities

At RYAN Sports Club we provide activities not only focusing on health benefits, but clean, modern, and an enjoyable environment to peak experience for our customers.

Indoor

These are activities with AC cooling system around the entire gym and comes with a healthy smoothie machine.

- Fitness
- Swimming
- Volleyball

Outdoor

These are activites built with shade proof platforms to protect customers from the highly dangerous UV rays.

- Soccer
- Basketball
- Volleyball

Recreation

These are activities our team has created with a bit of mix in sports.

- Cycling
- Mediation
- Sauna

Our Facilities

RYAN Sports Club has 3 different facilities located in Vietnam and looking forward to be an international organization.

Benefits

Here are the benefits of having a healthy Mind, Body, and Spirit.

Mind

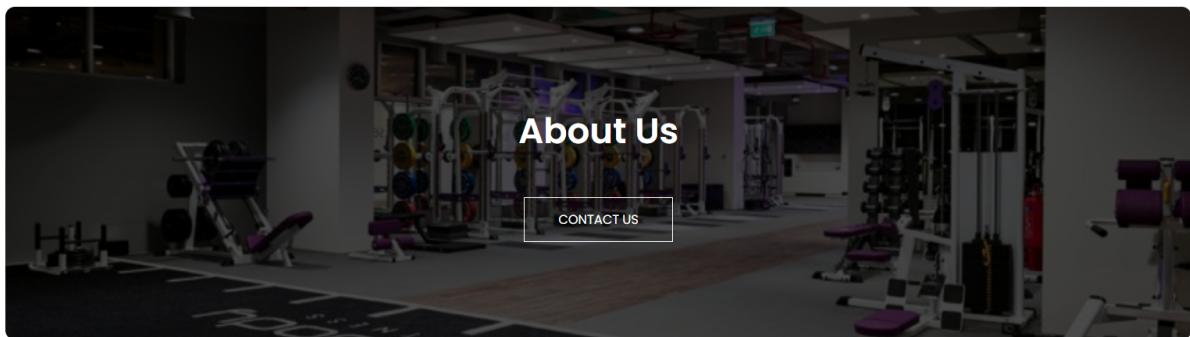

A sound mind keeps the mind active, and stress and anxiety are optional. Positive thoughts, gratitude, and a sense of well-being are present, and there is a thirst for knowledge and learning. Just as the brain needs sleep overnight, the brain needs things to think about and meditate on.

Body

A healthy body is free from disease and disease, and it is free from pain. Physical fitness is also made possible through healthy eating, nutrition, and regular exercise. A healthy body naturally wants to move and look for work. Maintaining good health includes regular check-ups with your primary care physician to prevent illness, or to diagnose and treat your patient as soon as possible.

Spirit

Being spiritually focused and having an understanding that you are part of something much bigger than you. Promoting a healthy spirit involves being part of a community to share with others, and to give without expecting anything in return. A healthy spirit needs love.

Santa Claus.
Santa Claus, also known as Father Christmas, Saint Nicholas, Saint Nick, Kris Kringle, or simply Santa, is a legendary character originating in Western Christian culture who is said to bring gifts on Christmas Eve of toys and candy to well-behaved children, and either coal or nothing to naughty children. He is said to accomplish this with the aid of Christmas elves, who make the toys in his workshop at the North Pole, and flying reindeer who pull his sleigh through the air.

The modern character of Santa Claus was based on traditions surrounding the historical Saint Nicholas (a fourth-century Greek bishop and gift-giver of Myra), the English figure of Father Christmas, and the Dutch figure of Sinterklaas (also based on Saint Nicholas).

6. About us

a. Description

This page will displays information about the history of Gift shop, our service that we provide and our team member.

b. Screenshot

The screenshot shows the 'ABOUT US' page of the Gift Shop website. At the top, there's a navigation bar with links for HOME, SHOP, FEATURES, GALLERY, ABOUT US (which is the active page), CONTACT, 2 ITEMS 🛒, and MEMBER. Below the navigation is a large image of two men in a modern office setting, one writing on a whiteboard. The main title 'ABOUT US.' is centered above a text block. The text describes the team's enthusiasm for building the website from scratch using HTML, CSS, and Javascript. It highlights the minimalist design with pastel colors and the comparison function for products. The page also mentions the completion of the project in a month by a dedicated team of three. A 'MEET OUR MEMBERS' section follows, featuring three photos of team members: a man standing outdoors, a woman sitting against a wall, and a person working at a desk. The footer contains the 'GIFT' logo, address (590 Cach Mang Thang Tam Street, Ward 11, District 3, Ho Chi Minh City, Vietnam), email (giftshop@fpt.edu.vn), phone number (022 261 560 93), and social media links for Facebook, Instagram, and Twitter. ABOUT US.

Gift Shop is our most enthusiastic debut project. Ever since we started to learn how to build a website with technologies HTML, CSS and Javascript, we have been excited and put our effort every single day into this project. We have been given an assignment to create a website which can provide our customers information of the products.

The website is designed in a minimalist style with sweet pastel colors of pink palette, white and black. Which we hopefully can bring our customer a pleasant view and happiness when they visit the website.

We may put an end to their confusion about differences among products by creating a comparison function so that customers can see differences among other products. Not only that, we also allow our users to look up their favourite brand by filter with ease. Besides, if customer struggle with how to use the product, we create a page which they can find their product manual instruction and be able to download those documents to their computer.

This project was completed in nearly a month with the contribution of a group of 3 people who are dedicated, committed and hard-working.

b-1 Product data json

The screenshot shows a code editor window displaying two JSON objects representing product data. The JSON is formatted with indentation and uses double quotes for all keys and values. The first object is for 'Director Coffee Mugs' and the second is for 'Hilton Coffee Mugs'. Both objects contain fields such as pdname, pdid, pdimage, pdcatogery, pdbrand, pdmaterial, pdcolor, pdcapacity, pdsize, pdweight, pdspec, pdpackage, and pdprice. The pdimage field contains URLs for images of the mugs.
